Late return of trackers	Per day per tracker	6.00
Lost tracker	Per tracker	200.00

Late charges

For rental we will specify the date and time the trackers need to be left at a UPS drop off point (Monday morning by 10.00am after a weekend). This will ensure delivery to Adventure Enablers on the Tuesday. Late charge will start on at end of the day expected back to Adventure Enablers. So arrival on the Wednesday would be 1 day over.

At 2 weeks the cost of a replacement tracker will be added to the invoice. If tracker is subsequently returned within 6 months, then 50% of the value of the tracker will be refunded.

If tracker is known to be lost please contact ASAP to avoid the \$6 per day charge.

* **Weekend hire** – away from office from Thursday to be back on Tuesday (6 days). If needed for earlier than Thursday or unable to return by Tuesday please contact us as it's quite possible you will need to hire for a week as the trackers will not be available for a hire on the weekend before or after.

** **Week Hire** – Trackers away from office Thursday to Tuesday (12 days)

*** **Event timing / Leaderboard** – assumes no more than 15 timing points. Please enquire for quote on multiday / 15+ timing points.
